Step 8 Welcome Email

Welcome to the r network family!

Hello Roger,

You are now officially an r network Charter Member. r network just got stronger because of the decision you made to join our movement.

As you engage with r network, you will notice a common theme...**THE BIGGER WE GET, THE BETTER IT GETS**. You might ask, What does that mean? The simple answer is, this is the core foundation of why we built r network. And our size and growth directly impacts you and every charter member in significant ways.

The bigger **r network** gets, the more leverage we have to walk into boardrooms in corporate America, and all over the world, and negotiate exclusive savings for our members that are not available to the general public.

You already see it in our **Travel** and **local deals** products, our **mobile**, and **auto** and **mortgage** products. And this is just the beginning. We envision a time in the near future that you will be able to save in every area of your life.

The amazing part is, r network is structured so that you **EARN** anytime someone in your network **SAVES**.

Are you ready to get started?

You might be asking yourself... **“So where do successful r network charter members start?”**

The great news is... it's simple. There are no courses, coaching books, or complicated plans to follow. And best of all, no sales to be made. r network is revolutionary in its simplicity.

The onboarding process has been simplified

Success in **r network** starts with the building block of 3, called the **Me & 3 Bonus**, which completely covers the cost of your monthly product suite membership.

Step 1: Plug into **r network**. Get involved in our Facebook Groups **r RISEUP**, **r WORLD** .

Find out about local gatherings, daily training and recruiting calls at <https://www.rnetwork.live/>.

Most importantly, login to your back office <https://rnetwork.io/account/login> and take advantage of the savings available when you shop locally or when you travel anywhere.

Step 2 Achieve your **ME & 3 Bonus**: Remember, success in **r network** starts with the building block of 3. Identify 3 key people that you know before your 30 day countdown clock expires in your back office. Share **r network**'s vision and purpose with them. Tell them why you joined and invite them to the movement. When 3 of them join as Charter Members and purchase a qualifying product you have your "**Key 3 Power Team**" and have earned your **Me & 3 Bonus**.

Step 3 Replicate: Simply assist your 3 new team members to earn their **Me & 3 bonus**. By repeating this **simple 3-step formula**, you will build momentum into your organization that will grow like wildfire. Within a very short time, that simple momentum will turn into financial freedom for you and your team. Alone we are powerless, but together we can change our world.

Welcome to r network. Sincerely, r network founders
